Abstract:

Family, as the smallest unit in public, plays a role in forming character children, and parents become educators first and foremost. Character-strong parents reflected in pattern care, interaction, and role models contributed to creating a morally noble generation. RA Masyitoh True, an Islamic education institution, uses the approach to build parents' character. Mujahadah, through spiritual efforts through worship, prayer, and self-control, aims to get closer to Allah SWT and develop positive attitudes and habits. Research This seeks to explore the effectiveness of implementation struggle in forming parent character as a parenting medium. With the qualitative descriptive, data was collected through observation, interviews, and documentation from the guardians of RA Masyitoh students True. Research results show that struggle increases spiritual awareness, control of self, patience, and responsibility of the parents. Besides that, activity tightens the emotional connection between parents and children and creates an environment of harmonious education. Implementing mujahadah, such as regular dhikr and prayer together, also impacts the formation of character children, especially in manners, morals, and attitudes towards teachers and parents. Research This confirms that struggle is a relevant and applicable approach. Development patterns fostered spirituality, which not only forms family sakinah, mawaddah, and mercy but also supports the creation of a character and pious generation.

Keywords: *Formation character, Mujahadah, Parenting media.*

INTRODUCTION

In context family as the smallest unit in society, the role of parents as educator first and foremost No can viewed adjacent eyes. Quality parent character will have a big influence on the formation character child his son. Formation character is one of fundamental aspects in effort build civilized and ethical society. Strong character in parents will reflected in pattern care, interaction, and role models provided to child child they. In context education in institutions child age early, one of them is RA (Raudhatul Athfal), parental involvement is very important in formation character child.

RA Masyitoh True, as one of the institution education based on Islam, integrating draft struggle as spiritual approach in build character of parents. Mujahadah, which means struggle in get closer self to Allah SWT through worship, prayer, and control self, to be believed method capable influence behavior and character of parents in a way deep. Through implementation

mujahadah, it is hoped happen spiritual transformation that impacts attitudes and habits positive in life everyday. With the existence of spirituality in draft struggle This will build awareness self in a way full and have objective life as well as No will do matter things that are considered deviate in religion, norms, or culture.

The spiritual value of mujahadah considered important and very necessary in the era of globalization like now, because in formation a man of faith and piety to God to be reject measuring first and foremost in the world of education. The problems that occur Still Lots institution education that is only refers to the development intellectual but spiritual is lacking be noticed. The impact Can in the form of lack of respect to the teacher and even result in things bad other.

So, the effectiveness implementation struggle in formation parent character Still need in -depth study. This matter important For ensure that this spiritual approach truly give significant impact to change pattern thoughts, behaviors, and values that are internalized by parents. Therefore that, research This aiming For explore How struggle implemented in RA Masyitoh True and to what extent is the approach This effective in to form parent 's character.

With understand effectiveness struggle in context this, it is expected study This can give contribution to development of educational strategies character spiritual based, not only in the RA Masyitoh environment True, but also in institutions education similar other.

RESEARCH METHOD

Research This using the procedure descriptive, with method qualitative. According to Sugiyono (2018) method study qualitative is method research based on philosophy, which is used For research on conditions scientific (experimental) where researcher as instruments, techniques data collection and analysis qualitative more pressing on the meaning. Research qualitative as procedure research that creates information descriptive shaped word written or oral from people and observed attitudes.

Place research taken is at RA Masyitoh Right Purworejo Magelang Road, District That's right, Regency Purworejo Province Central Java. Subject in research namely the parents of Masyitoh students Right Purworejo. As for the method collector information tried with method observation, interviews, and documentation. Method observations used writer is observing school area, interview For gather information via data from interview said, in implementation The Mujahadah of the Guardians of RA Masyitoh Right Purworejo.

Observation used For observe How formation parent character through Mujahideen as parenting media at RA Masyitoh Right Purworejo, According to Sugiyono (2018:229) observation is technique collection of existing data specific characteristics when compared to with other techniques. As for the interview is a chat attempted by two or more people more with faith certain. Informant in research This is a parent of a student at RA Masyitoh True, as a key informant who is considered have lots of data about the problem being studied.

RESULT AND DISCUSSION

In the middle modern life is full with temptation worldly, practice struggle become more relevant. With the amount existing distractions, mujahadah teach For focus on the goal a better life high and not affected by things that can reduce spiritual and moral qualities.

According to Ulfatu Laila, Head of the RA Association, the guardian of Azura Class A3 students stated that mujahadah can help improve patience, honesty and self-discipline in their lives. Because, mujahadah can be a means of

recharging the soul and controlling one's emotions.

In addition, Wiwik Maya Sari, Class A2 Coordinator, guardian of Anjana and Anjani, also emphasized that in mujahadah can affect the relationship with the family. And, can be used as a medium to meditate on the future of their children.

In fact, Nur Priyati, the guardian of Sheza Class B1, said that with mujahadah, one can apply it in managing/controlling one's emotions, one's soul and heart can become calmer and more patient.

Based on the statement of Siti Fatimah, the guardian of Bachtiar and Bastian class A1, emphasized that with mujahadah can control emotions and become a medium for harmonizing relationships between humans. In addition, it is useful in increasing spiritual awareness of oneself.

Meanwhile, according to Anggi Fitriyaiyanti, the guardian of Maiza Class B1 students, said that mujahadah can increase closeness with children both spiritually and emotionally.

So from statements of informants can concluded that existence method mujahadah at RA Masyitoh Right this is very positive and uplifting role important in to care for child with method control self and emotions. Besides that, in mujahadah also makes child RA Masyitoh's son Right own improvement in aspect attitude, which is visible very change attitude manners and morals Good towards teachers and parents.

Individuals who have control a better self tall will capable organize and direct his behavior to positive consequences and able control and suppress the triggering stimulus emotions. As for individuals who have control self low, then individual the No capable directing and organizing his behavior or behave in a way that tends to negative. This is where role mujahadah is needed in one of the effort develop control parents ' role in educating and guiding children at RA Masyitoh Bener.
